

# SAFETY PARTNER PROGRAM

The **Safety Partner Program (SPP)** is a scalable solution offering tailored support, fractional safety advisors, and ongoing compliance and risk management. We meet businesses where they are, whether building a foundation or refining advanced safety systems.

THIS PROGRAM IS  
A PRODUCT OF:

## EHS PARTNERS YOU CAN TRUST

For over 32 years, SMG has served as EHS experts across the globe. The SPP provides affordable safety resources and advisors to companies of all sizes.

WITH THE SAFETY PARTNER PROGRAM, YOU'RE NOT JUST INVESTING IN COMPLIANCE; YOU'RE INVESTING IN THE FUTURE OF YOUR BUSINESS.

### ADVISORY PARTNER:

Initial consultation and gap analysis for targeted recommendations

### IMPACT PARTNER:

Bi-monthly visits, custom training, and risk management strategies.

### FOUNDATION PARTNER:

Quarterly support and compliance program development.

### STRATEGIC PARTNER:

Monthly oversight, leadership engagement, and advanced program management.

## EMPOWERING YOUR SAFETY JOURNEY

TOGETHER, WE CAN BUILD A SAFETY CULTURE THAT PROTECTS YOUR MOST VALUABLE ASSET - YOUR PEOPLE - WHILE DRIVING OPERATIONAL EXCELLENCE AND GROWTH.

With the SPP, our team becomes an extension of your team, providing you with access to our seasoned safety professionals and cutting-edge resources. We start by conducting a thorough assessment of your current safety practices, identifying gaps and opportunities for improvement. Based on this, we develop a customized roadmap that aligns with your specific needs and goals.

# SAFETY PARTNER PROGRAM

## ! What Keeps You Up at Night?

### Struggling to Stay OSHA Compliant?

Navigating complex regulations can feel overwhelming—especially without dedicated in-house expertise.

### Lacking a Strong Safety Program?

Inconsistent processes and outdated policies can leave your business exposed to risks and penalties.

### Need a Cost-Effective Safety Solution?

Hiring full-time safety professionals may not fit your budget, but the stakes for safety are too high to ignore.

With a dedicated safety partner, you can focus on growing your business, confident that compliance and safety are handled.

### ADVISORY PARTNER

- One on-site gap assessment to identify risks.
- Actionable recommendations to guide next steps.
- Review of safety processes and compliance gaps.
- Ideal for businesses just starting with safety compliance.

### FOUNDATION PARTNER

- Quarterly site visits to build OSHA-compliant programs.
- Develop foundational policies like HazCom and PPE.
- Includes monthly virtual check-ins for ongoing guidance.
- Training templates and tools to empower your team.
- Best for consistent support to establish safety systems.

### IMPACT PARTNER

- Bi-monthly visits for hazard assessments and custom training.
- Develop advanced policies like LOTO and Confined Space.
- Proactive risk management and performance tracking.
- Regular safety committee facilitation to enhance collaboration.
- Suited for businesses with evolving safety needs.

### STRATEGIC PARTNER

- Monthly site visits for hands-on program oversight.
- Advanced training, leadership engagement, and culture transformation.
- Continuous improvement to align safety with strategic goals.
- Detailed audits, scenario-based drills, and data-driven insights.
- Perfect for embedding safety into business operations.

## ✓ Why Choose SMG?

We combine decades of safety expertise, innovative technology, and a client-focused approach to deliver tailored solutions that protect your people, enhance your operations, and drive measurable results.
